

Trying to grow

*I can't think
I can't sleep anymore
I feel so sad that
I can take this no more
I'm all alone and I want to break free...*

*I'm trying to grow
I'm trying to forget
I wanna break free but I just can't
Owing to your look
Owing to your voice
I just can't forget you anymore*

*I try to think of a way to forget
I try to see memories going away
I don't know if I am strong enough...*

*I'm trying to grow
I'm trying to forget
I wanna break free but I just can't
Owing to your look
Owing to your voice
I just can't forget you anymore*

*Do you love me?
Do you want me?*
